Subject: Supplement to July 8, 1996 BDAC Information Packet

The BDAC Information Packet (dated July 8, 1996) included a summary of Key Outcomes from Workshop 7. Since that mailout, we have made several modifications to reflect additional agency comments. Please replace the **Clarifications for Preliminary Phase II Alternatives** and the **Issues of Concern for Phase II Analyses** with the attached material. The modifications made since the mailout are shown in ~~strikeout~~ and redline format.
